

STANISLAUS BEHAVIORAL HEALTH AND RECOVERY SERVICES

MHSA Representative Stakeholder Steering Committee Meeting

MHSA Innovation Planning - March 18, 2013

ADDITIONAL COMMENTS FROM LARGE GROUP DISCUSSION

“Don’t fit me into criteria developed by a system.”

“What about individuals that don’t have Medi-Cal?” Where do they go?”

“There needs to be more outreach to people in Board & Care.”

“Is there a way of knowing what an individual’s discharge plan is?”

“Spend mental health dollars to keep us out of mental health.”

“People need to be aware of services being offered and offer services”

“How about providing computer programs/format for those visually impaired.”

“How about providing programs to help people learn to read”

“Discharge planning to include a system in place to connect individuals with their existing service provider.”

“Word on the streets is, “if you can’t get services go to the hospital.”

“How are partners identified to be included in the learning project?”

“We need more education and directory to connect consumers and family members to connect with NAMI.”

“...exciting, there are so many community supports that it does not have to be formal like the hospital to help consumers get connected in a more consistent way.”

“Coordinated community support that can connect client to a support system is what we need”.

“How helpful this could be for law enforcement.”
