Gradients of Agreement

Endorse	Endorse with minor point of contention	Agree with reservations	Abstain	Stand aside	Disagree but will support the majority	Disagree and want out from implementation	Can't go forward
I like it	Basically I like it	I can live with it	I have no opinion	I don't like this, but I won't hold up the group	I want my disagreement recorded, but I'll support the decision.	I won't stop anyone else, but I don't want to make this happen.	We have to continue the conversation.
